Dear Mrs Svatkova,

Thank you. Poyry Finland will submit the proposal and is ready to make this by 22.4.2011.
Please confirm if the date suits also to other tenderers.

Juha Hyvarinen
Poyry Finland Oy

Dear Elena,

We thank you for the opportunity to join this tender!

However, at this point of time we have to inform You that WSP Finland Ltd can't submit a proposal!

In the future WSP Finland Ltd is very interested in such tenders. So if You could inform us all Transport tenders in Barents Region accordingly it would be very good!

Regards,

Risto Jounila

Dear Ms. Svatkova,

Thank you for the invitation to bid and the reminder. Unfortunately I have to inform you that we this time we have to decline this interesting opportunity.

Ramboll does have a focus on the Barents area overall with our offices in Murmansk and Kirkenes in addition to the other Nordic offices in the area so we are definitely interested in future opportunities in all engineering areas.

Yours sincerely
Peter Molin
